➔ Greater
security and
substantial
savings for
our clients.

01

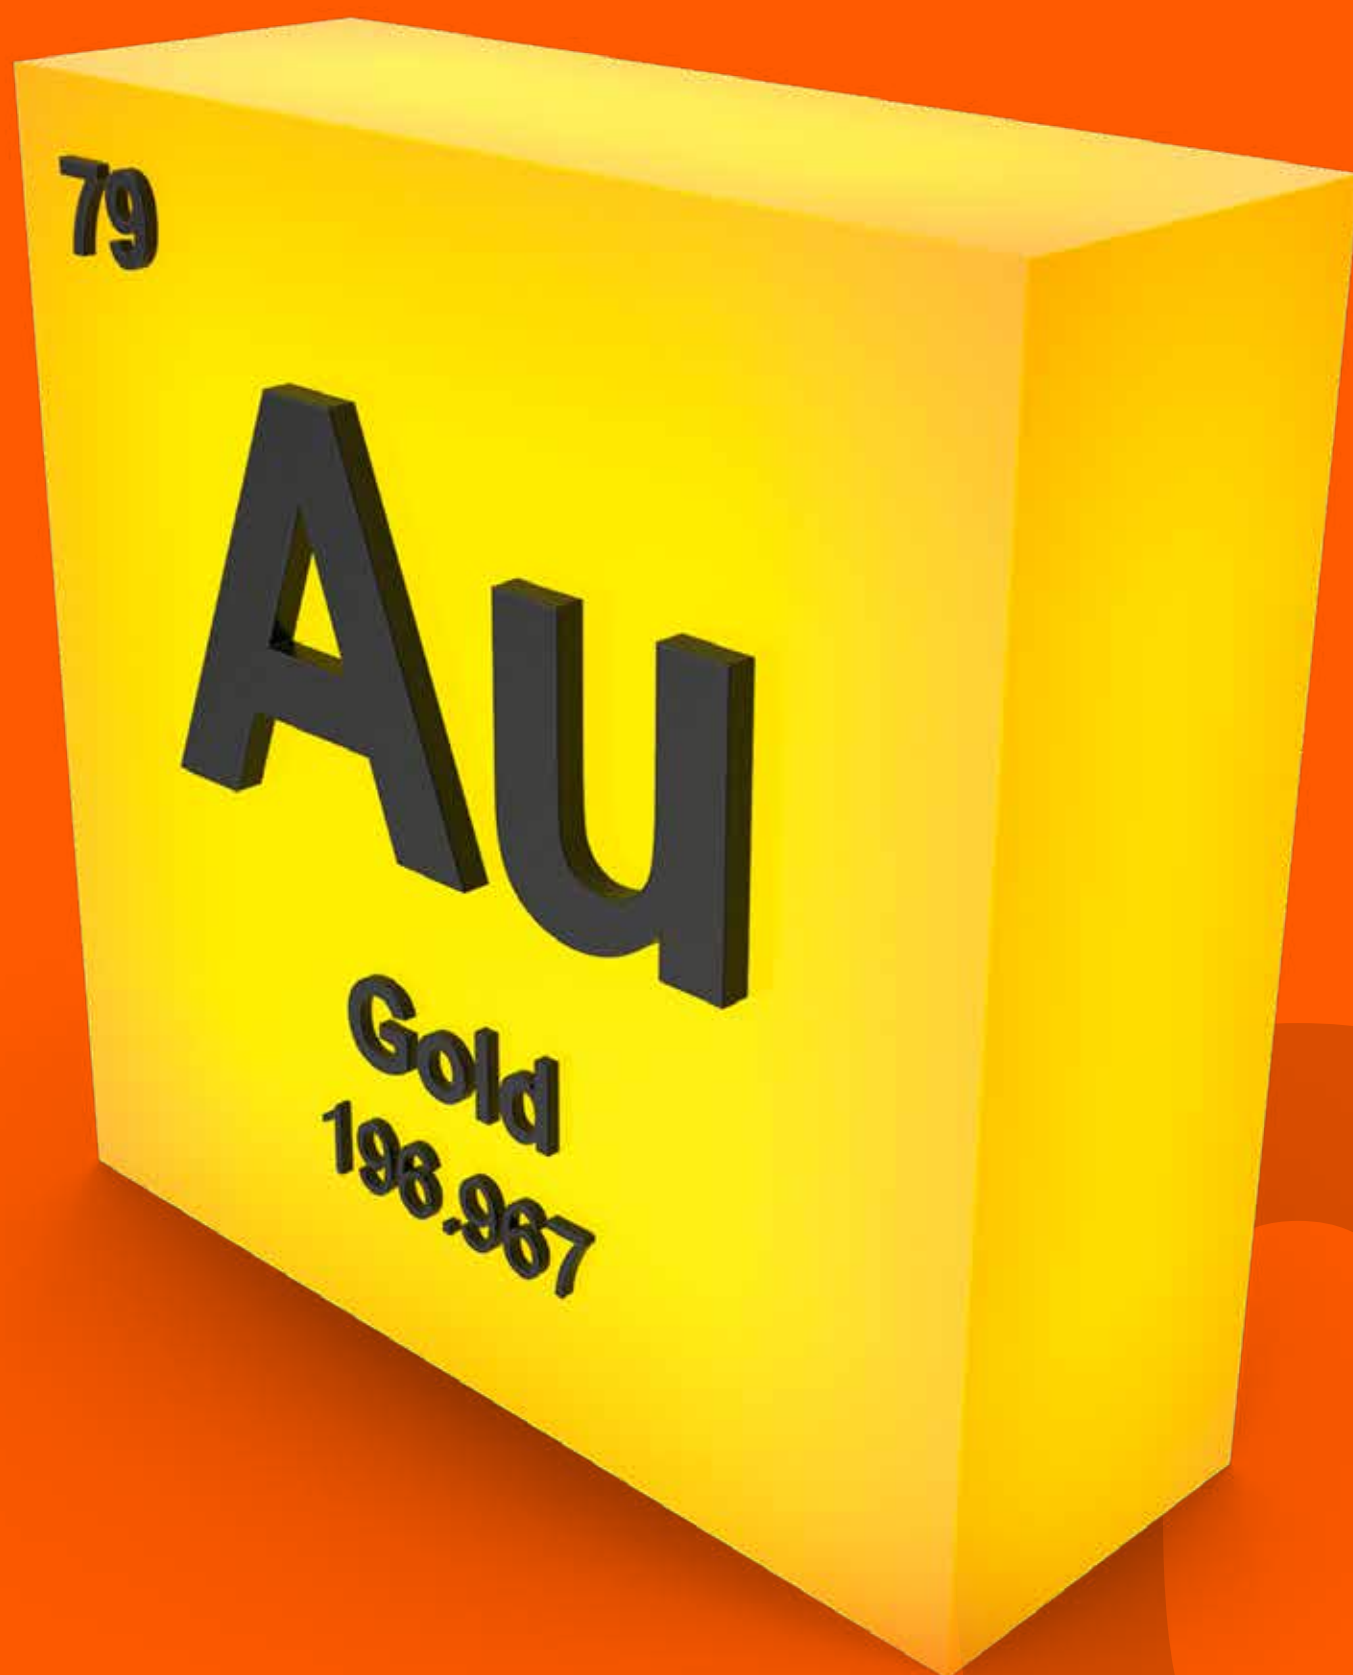

Foreign exchange
hedging across more
than 20 currency pairs.

Interest rate hedging across multiple benchmarks

(Euribor, SOFR, SARON, SONIA and WIBOR), sometimes cross-hedged or coordinated with foreign exchange hedging strategies.

Hedging solutions for various metals, including gold, against the EUR, USD and CHF, particularly for jewellery.

Transactions of all sizes:
from €500k to €1 billion
per transaction.

SECURITY

A simple, tailored hedging strategy aligned with each client's time horizon.

FINANCIAL BENEFITS

Large-corporate pricing, thanks to our trading-room software platform.
